# Charterers' Liability Insurance

Cascadia Maritime Logistics gravitates towards using **Charterama** and **IMU** as our partners for Charterers' Liability Insurance.

**Charterama** is a specialized international underwriting agency focused exclusively on Charterers Liability Insurance (including Defence/FD&D cover) for charterers and traders.

As one of the world's leading independent specialists in this field (ranked number 2 globally in commercial charterers liability), Charterama delivers comprehensive coverage against key risks such as cargo damage, pollution, wreck removal, crew injury, and contractual disputes. Backed by Intact Insurance, it operates from offices in Rotterdam, Hong Kong, and Paris, offering expert, tailored solutions with deep knowledge of charter parties and maritime risks.

This partnership perfectly aligns with Cascadia Maritime Logistics' chartering and maritime operations. Visit Charterama.

**IMU** (Insure Marine Underwriting N.V.) is a Dutch-based Managing General Agent (MGA) and specialist marine underwriter, focused on Charterers' Liability Insurance and related marine risks.

IMU offers comprehensive coverage for charterers and commodity traders, including legal and contractual liabilities, cargo issues, Marine Defence (FD&D), P&I-type covers, Additional Liability, and Cyber Risks. They provide tailored policies, in-house legal and claims handling, risk management, and expert support on compliance and sanctions issues — particularly valuable for international chartering, RoRo, and breakbulk operations.

Headquartered in Rotterdam, IMU is a leading independent specialist in the charterers liability sector, offering flexible alternatives to traditional P&I clubs. Together with Charterama, IMU forms a strong part of our insurance partner network. Visit IMU.
